

Thank you for joining the wonderful world of Tegu! As with any handmade wooden product, each Tegu block is one of a kind, and slight differences in color and pattern are natural. With the proper care, your blocks are sure to bring a lifetime of creativity, imagination, and gravity defying building for generations to come. See some of our Tegu Do's and Don'ts, and as always: Have Fun!

DO...

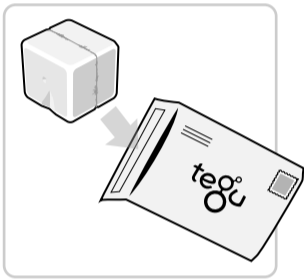

clean blocks with a damp cloth

DON'T...

play with Tegu in the water

DO...
