MAGNETIC WOODEN BLOCKS

As toys have evolved, blocks have remained a staple. At Tegu, we've made a good thing great. By creating a magnetic wooden building system, the limitless possibilities of Tegu Blocks make playtime boundless.

BORN IN THE CLASSROOM

With help from some forward-thinking preschools and kindergartens in Silicon Valley, Tegu Blocks came to life in a most natural environment – children's hands.

Developmentally appropriate for a wide range of ages and abilities, Tegu Blocks can be used as a tool in developing critical thinking, problem solving and fine motor skills, as well as language, story telling and team building.
